PROFILE

Top-tier engineering student at Centrale Lyon and Technical Director of the EPSA Formula Student team. Seeking a 12-month industrial placement in Formula 1 to apply CAD knowledge, practical CNC manufacturing experience, and a proven track record of managing cross-functional technical teams in motorsport engineering.

EDUCATION

- Ecole Centrale de Lyon**
MSc in General Engineering (Top-tier French Engineering School) – **GPA: 3.99/4.0** *Sep. 2025 – Expected 2028*
– **Relevant Coursework:** Fluid Dynamics, Solid Mechanics, Thermodynamics, Materials Science, Control Systems

Lyon, France
- Lycée Pierre de Fermat**
Intensive Preparatory Classes for Grandes Ecoles
– Two-year intensive preparation for the highly competitive national engineering schools entrance exams, with a strong focus on Advanced Mathematics and Physics.

Toulouse, France
Sep. 2023 – Jun. 2025

MOTORSPORT & ENGINEERING EXPERIENCE

- EPSA - Formula Student Team**
Technical Director
– **Leadership & Budget:** Directed a technical team of **35 engineering students** and managed a development budget of **€145k**, successfully ensuring all technical milestones were met.
– **Chassis Design & FEA:** Engineered the new chassis architecture using **Catia V5**, achieving a massive **30% weight reduction** while validating structural integrity via **FEA**.
– **Vehicle Dynamics & Kinematics:** Designed and optimized the full suspension and steering systems using **OptimumKinematics** to maximize mechanical grip and handling performance.
– **Cross-Functional Coordination:** Synchronized Aerodynamics, Powertrain, Accumulator, and Vehicle Dynamics departments to ensure 100% adherence to strict **FSG regulations**.

Lyon, France
Sep. 2025 – Present
- STDU**
CNC Operator & Manufacturing Intern
– **Machining & Manufacturing:** Operated **multi-axis CNC machines** and performed manual finishing on **high-precision components** for the aerospace and medical sectors.
– **DFM Expertise:** Gained practical expertise in **Design for Manufacturing**, interpreting complex engineering drawings and working within **tight tolerance constraints**.

Pinsaguel, France
July 2026

OTHER PROFESSIONAL EXPERIENCE

- Mecachrome**
Aerospace Industry Discovery Intern
– Shadowed aerospace professionals, focusing on strict assembly procedures and rigorous quality control processes.

Toulouse, France
Summer 2021
- SG Expertise**
Classic Car Appraisal Intern
– Assisted senior appraisers in inspecting classic vehicles and drafting detailed technical appraisal reports.

Toulouse, France
Summer 2021

TECHNICAL SKILLS

- CAD/CAE:** Catia V5, ANSYS
Programming & Data: Python, MATLAB
Manufacturing: CNC Machining, Manual Lathe/Mill, 3D Printing
Project Management: Agile methodologies
Languages: English (C1), French (Native)
